💼 EXPERIENCE

08/2023–Current

INTERN – WEB DEVELOPER & DATA ANALYST
Byte Studios | Milwaukee, WI

- Analyzed and organized large datasets utilizing Excel Spreadsheets, and Python Pandas.
- Illustrated, designed, and tested user interfaces that helped solved unique use cases.
- Authored detailed research documents outlining future projects, along with proofs of concept.
- Compiled an extensive CSV dataset of over 11,000 public libraries in the United States for use in developing a search engine.
- Utilized that dataset to create a web crawler bot, and search engine with PHP, and JavaScript to help libraries get valuable insight into website analytics and to find additional clients.
- Exceeded client expectations converting concepts, and designs into responsive, accessible web pages that align with WCAG accessibility guidelines.

03/2021–01/2023

CONTRACT – GRAPHIC DESIGNER
Kroll Media | Waukesha, WI

- Faithfully recreated low resolution client logos, and designs into vector format.
- Demonstrated initiative and self management working remotely.
- Assisted in re-branding an existing company with a new name, color scheme, and logo.
- Created and designed responsive websites using Wix that aligned with their goals, and showcased their brand identity.

08/2021–12/2021

INTERN – GRAPHIC DESIGNER
Kroll Media | Waukesha, WI

- Performed color grading/touch-ups for real estate photography.
- Created design files for different types of apparel for a Sherwin-Williams franchisee.
- Developed a visually captivating series of social media info graphics to promote school choice on Facebook, Twitter, and Instagram.
- Showcased dependability, communication and being a self-starter by working remotely.

🎓 EDUCATION

01/2020–05/2023

GRAPHIC DESIGN | FRONT-END WEB DEVELOPMENT
Waukesha County Technical College | Associates Degree

- 3.70 Cumulative GPA.
- Concurrently took both programs displaying excellent time management skills.
- Graduated with Presidential Honors in both programs.
- Certificates in Web Design, Digital Production, and Pressroom/Prepress Technician.

⊕ CAREER OBJECTIVE

Self-driven, eager-to-learn creative with a background in Web Development and Graphic Design, seeking a role where I can apply my technical expertise and creativity to contribute to innovative digital and design projects.
